EXECUTIVE SUMMARY

Kendu Inu (\$KENDU) is a meme coin deployed on the Ethereum blockchain and was reportedly launched in early 2024.

The **anonymity of its team** raises concerns, as no member could be identified apart from the project's reported founder, **Kendu Miazaki**, who notably operates under an alias. Furthermore, **no corporate structure** affiliated with Kendu Inu was identified.

While the project's reputation is mainly shaped by its presence on X, we could not assess it as the user reviews are **irrelevant**.

According to our review, Kendu Inu has not been involved in civil or criminal litigations. We can also confirm that the project has not been featured on any anti-money laundering lists, debarment lists, prohibitive lists, or on any international sanctions.

Based on the above elements, Athena Intelligence has assessed Kendu Inu as an overall high risk.
